## CAFÉ DEL FUTURO, GRADE 1, SHB+, MUNDO NOVO, BOURBON, CATURRA, CATIMOR

This coffee comes from the Asociación Café del Futuro, which includes over 600 farmers from the Jaén region in Peru. The cooperative was founded in 2007 and is known for high-quality coffees with selected varieties such as Caturra, Catimor, Bourbon, and Mundo Novo, with a strong focus on certified coffees.

Since 2021, we have been working closely with the Asociación Café del Futuro to strengthen farmers' food security and promote sustainable farming practices. During this time, more than 200 vegetable gardens have been created, composting modules introduced, and targeted training sessions carried out. Today, our initiative reaches 435 families, enhancing their economic stability, protecting the environment, and supporting them on their path toward diverse and sustainable agriculture.
