BLEND

ETHIOPIA CHIRE SIDAMO GRADE 2 & BRAZIL FAZENDA RIO BRILHANTE GUARÁ WASHED WATER DECAF

This washed water-decaf blend brings together two exceptional coffees: our Ethiopia Chire Sidamo Grade 2 and Brazil Guará Washed from Fazenda Rio Brilhante. We sourced our Sidamo Grade 2 from Chire in the highlands of Kere Woreda, Sidamo. The Chire Washing Station works with over 900 smallholder farmers cultivating coffee on 1–2 hectare plots, alongside crops like false bananas and avocados. It produces both washed and natural Grade 1 and Grade 2 specialty coffees. The Brazilian component comes from Fazenda Rio Brilhante in the Cerrado Mineiro region. Spanning 1,600 hectares, the farm is a sustainability pioneer, certified 100% by the Rainforest Alliance and one of only three farms globally to achieve this standard. Through composting, wildlife corridors, reforestation, and soil regeneration, it has transformed a dry region into a thriving ecological model.
