

COSTA RICA

FINCA VOLCAN AZUL, NATURAL, OBATA

The coffee tradition of the Castro Kahle Family began in the mid-19th century when their ancestors shared a common dream: "To produce the best coffee in the world." Today, Alejo (7th generation) continues to produce coffee with the same ideals of excellence, top quality and innovation, while also prioritizing environmental protection. By acquiring and conserving natural rainforest areas, the family takes concrete steps to reduce air pollution and fight global warming, promoting an environmental awareness they want to pass on to future generations. Alejo's dedication and processing skills are reflected in the many awards he has received over the years.
